WAITING LIST

SCHOOLS

The waiting list consists of schools and teachers all over the world. Currently the concentration of schools are in the Eastern Part of the united states. This is a changing number due to daily marketing.

On our applications from Schools, we ask them to share with us how they would integrate the unit in their curriculum, here are their responses.

*"For the second year in a row, our schools are engaging in an event called One School One Book (OSOB). As part of this event, the entire school reads the same book, Pre K- 5 including the staff. Throughout the two weeks of reading, students and staff also incorporate a variety of activities and resources to connect to the book to all academic areas. This year our school has chosen The Waterhorse as our OSOB book. The setting of the story is Scotland. Connections to reading, writing, math, science and social studies throughout this school event will only add to the student engagement."*

Kimberly Rollins  
Alfred Elementary School

*"Wow...this would be wonderful for our school. We would love to share about Scotland to enhance our International events. We read the Harry Potter series with our students. This unit study on Scotland would be such an asset to our lessons"*

Kelly Meyer
